Motion carried unanimously.

Martin Walsh, Parks, explained Carver County recently received an award from the Minnesota Recreation and Parks Association for work done pertaining to the sledding hill at the Lake Waconia Regional Park. He introduced Parks staff that are involved with the daily maintenance of the Parks.

John Elholm, representing the Minnesota Recreation and Parks Association, explained the purpose and history of the organization. He stated the Awards Committee was created to recognize agencies and staff for exemplary projects. Elholm, on behalf of the Committee, congratulated the County for an excellent project and presented an award of excellence to Carver County in the category of administrative and management for the creation of the Lake Waconia Regional Park sledding hill.

David Hemze, County Administrator, explained he would be presenting his 2009 budget recommendation to the Board. He noted it had also been posted on the website for public review. He stated his recommendation reflected the difficult economic times and stressed the organization was still fiscally stable. Hemze stated the attachment outlined the reductions that were made. Hemze pointed out the use of an aggressive budget philosophy in projecting certain revenue categories based on past trends.

He stated a soft hiring freeze has been implemented and the 2009 budget started with no new position requests and a 2% cap on operational expenses. Hemze stated discretionary services were looked at but most of what the County does is mandated.

David Frischmon, Financial Services, highlighted total spending over the last three years. He clarified 2008 was higher due to the number of capital projects. He stated the 2009 proposed budget included selected reductions, no new initiatives and decreased personnel. Frischmon stated no new capital projects were included and reviewed the amounts allocated for vehicles, equipment and street maintenance. He estimated the impact would be 2.5% or \$29 in an average home value of \$312,300.

He stated a decrease in investment income was recognized due to a lower cash balance and interest rates. Frischmon pointed out the increase in bond payments for debt issued for roads and the central plant project. He indicated

they increased the Commissioners contingency account as they were more aggressively projecting revenue and in light of the possible reduction in State aid. He indicated the fiber optic ring was shifted to a financing option with the first lease payment in 2010. Frischmon added conference and training was also thoroughly reviewed.

Frischmon stated division levy requests originally totaled \$10.6 million and through a number of Administrator changes, reductions to overall budgets and targeted reductions, they were recommending a three million increase in the 2009 budget or 6.9 levy increase.

He stated budget appeals will be heard at the November work session and he would be presenting the long term financial plan at the November 25th meeting. Frischmon noted the December 4th truth-in-taxation date for public comment and indicated he would be asking the Board to adopt the final budget in mid December.

The Board agreed, in view of the economic situation, they would like to continue to look at further reducing the levy to 4.5% or a zero percent impact.

David Hemze, County Administrator, stated he understood the desire for no tax impact but, in looking at the budget, stressed it was important to have sustainable cuts. He stated the additional one million in reductions would be more difficult as they continue to drive the number down. He suggested he would look at decreasing the contingency and, because there is currently open enrollment, there may be savings if employees move to the other health plans. He also noted the appeals process that would be held in the future that would allow individuals to come in and discuss the impact of the cuts.

Workman moved, Degler seconded, to adjourn the Regular Session at 10:02 a.m. Motion carried unanimously.

David Hemze, County Administrator (These proceedings contain summaries of resolutions. The full text of the resolutions are available for public inspection in the office of the county administrator.)

Important Property Tax Homestead Notice. This will affect the amount of property tax you pay in 2009 And it may affect your eligibility for a property tax refund.

Please contact your county assessor to file a homestead application on or before December 15, 2008, if one of the following applies:

* You purchased a property in the past year and you or a qualifying relative occupy the property for homestead purposes on December 1, 2008 OR

* You or a qualifying relative occupy a property for homestead purposes on December 1, 2008 and the property was previously classified as non-homestead.

A qualifying relative for homestead purposes depends on the type of property. For residential property a qualifying relative can be a parent, stepparent, child, stepchild, grandparent, grandchild, brother, sister, uncle, aunt, nephew, or niece of the owner. This relationship may be blood or marriage. For agricultural property, a qualifying relative can be a child, grandchild, sibling or parent of the owner, or a child, grandchild or sibling of the spouse of the owner.

Once you have been granted the homestead classification no further applications are necessary unless they are specifically requested by the county assessor.

You must also contact the assessor by December 15, 2008 if you are the property owner or a qualifying relative of the property owner and the use of the property has changed during the past year.

If you should sell, move, or for any reason no longer qualify for the homestead classification, you are required to notify the county assessor within 30 days of the change in homestead status. Failure to notify the county assessor within the 30 day period is punishable by recalculation of tax as non-homestead in addition to a penalty equal to 100 percent of the homestead benefits.
