

World War II Serviceman's Album

NOW AVAILABLE at our NORTON OFFICE!

\$20

In celebration of
our 100th anniversary,
The Coalfield Progress
has reproduced its
World War II
Serviceman's Album.

First published in 1945, the serviceman's album includes hundreds of photographs of and information about men and women in Wise, Dickenson and surrounding counties serving in World War II. Access a free online list of those included at www.coalfield.com/soldiersalbum. Is your soldier not included? Let us know. A second volume to include soldiers not published here is in the planning stages and is contingent on reader interest. Other volumes to feature soldiers serving in Korea, Vietnam and wars in the Middle East also are planned depending on reader interest.
