On the one hand, our 2018 Readers Choice Award winners list in the retail/services area features lots of longtime businesses that enjoy a solid clientele; on the other, we have a bunch of these sharp young cookies making a go of things amid a so-so economic climate. Either side has a lot to gain from the efforts that got their businesses on our roster -- but the list is your creation, because you took the time to seek out La Jolla’s best of the best, and you voted accordingly. Thanks for playing, and we mean that!

Weight loss clinics, bookstores, CPAs, banks, physicians, markets, hotels and about 917 more: Here’s your ultimate directory of the brightest stars in La Jolla retail, authored by you and your neighbors.

If you’re looking for a store that carries that one-of-a-kind gift this season, check out where our readers have found the perfect item. If you’re deep into some home improvement and in need of an electrical contractor, see who our readers voted the best in the history of the universe. If your computer suddenly crashed and left you in a lurch, find out who in the Village is known among the readers for speedy, reliable repair.

Above all: If you see a local venue proudly displaying its Readers Choice Award, stop in and pass along your appreciation to the manager. Yeah, you chose the winners, but he’s working like a dog to hold up his end of the recognition and make La Jolla a shining example of community business ownership.

Now that you’ve spoken through your votes, we’d like to take the floor for just a second and thank the business community for its tireless service in making the Village all it can be. In a very real way, every venue in the neighborhood deserves an honorable mention.

Ian Ely Gallery
In 2016, Ely chose the upmarket seaside community of La Jolla as the site of his first eponymous gallery. While it was a massive financial and emotional undertaking to put down roots in brick and mortar, it was also a measured decision that has been upheld by the gallery’s instant and overwhelming success. The art of landscape photography is a natural fit for his desire to share the deep connection he feels to the land with others is invaluable. To those who view his work, it’s clear the man behind a lens that captures their heart and evocative images has something more than simply technique and talent at his disposal.
